

YES

Yes! Our organization would like to sponsor the Warrington Dragons Swim Team!

This program builds teamwork, leadership, and social skills while creating a sense of accomplishment, both as individuals and as a team. Along with health benefits, these kids create memories and friendships that last a lifetime.

Although the season may seem short, the work and cost associated with this organization is great. Through the generous support of companies like yours, our team is able to purchase equipment, run successful meets, and subsidize the salaries require to support our skilled and dedicated coaching staff.
