

Given the uncertainty that currently exists, we are unsure what the offerings of Central Bucks Aquatics for the 2020-21 school year will be and whether it will be possible to accept new members, but we would love to have your athlete join us if possible. If you have not previously been a part of CB Aquatics and are interested in our programs please email Jennifer Steinberg at [jsteinberg@cbsd.org](mailto:jsteinberg@cbsd.org) to ask any questions and be placed on an email distribution list to receive information about fall 2020 programs when it becomes available. Returning members from 2019-2020 are already on the distribution list and do not need to email.

Typically, we offer the following:

- **Pre-team clinic** in September
- **Central Bucks Swim Team – SAL (CBST-SAL)/ Central Bucks Diving** – team that competes in a local dual meet league for swim and dive teams; team option for new and experienced competitive divers and swimmers (includes a **developmental** group for swimmers interested in joining a swim team but not yet at the ability level necessary for full CBST-SAL participation, brand new divers not ready for competition when meets begin practice with the team until qualified to compete)
- **Central Bucks Swim Team - USAS (CBST-USAS)** – USA Swimming team for swimmers who have been on a winter team in the past and are looking for more challenging practices and competitions
- Fall and spring **lessons (group and private)**
- Spring **swim and springboard diving clinics**

Basic information about the programs as they normally run is available on the school district website: [www.cbsd.org/aquatics](http://www.cbsd.org/aquatics). Of course, it is anticipated that this year programs will be different but reading the website can provide basic information about the nature of the programs. There are not details for 2020-21 yet but as soon as they are available, they will be posted and emailed to 2019-2020 members and those who contact Jen Steinberg per above.

Enjoy the rest of the summer!
